CAPE YORK: \$67,850
EVOLUTION: \$82,950

The UEV-490 is a family sized trailer with three different bedding configurations sleeping up to five, plus the choice of eating inside or out.

The bathroom facilities include vanity and shower with hot water and the slide-out modular kitchen comes with cutlery, crockery and glassware as standard. Additional innovative features include the interior pressurising blower to keep out dust, high-lift jacking points and a spare wheel complete with hub and bearings, for additional security when going off road to remote destinations.

The UEV-490 Cape York is a new 2017 model designed for Australia's tough conditions. The Cape York also boasts features like the Redarc battery management system and Australian spec awning poles. It has all the necessary suspension, coupling, chassis and electric brake upgrades for touring throughout Australia.

Masterfully balanced, the UEV-490 Cape York is effortless to tow on road and legendary off the beaten track. You also have the ability to choose which optional customisations suit your travel style the best – none, two or maybe a few! The Cape York is a rugged trailer designed for adventure.

Conqueror's UEV-490 Evolution stands alone as the company's flagship model. This versatile hard-shell hybrid can be parked and accessed straight away, while the easy-to-setup Conqueror Batwing awning provides excellent additional cover. This top of the range model boasts fully equipped living facilities, with luxuries such as diesel hot water system, interior heating, shower, 90L fridge/freezer and even a flat screen TV & DVD player all included as standard. The whole family will fall in love with this truly ultimate off-road camper.

Made for Australia — 20 years experience manufacturing military & off-road vehicles
